

MONREAL 2014

The deep respect for the peasants we have in Can Bas has led us to name one of the better located plots of Cabernet Sauvignon – and the wine borne out if it – with the surname of the family of peasants which worked our land for over a century. Their hardworking approach is an example for us.

GRAPE VARIETY Cabernet Sauvignon 100%.

DESIGNATION OF ORIGIN D.O. Penedès.

TASTING NOTES

MONREAL 2014 has a cherry colour and is complex, warm and supple. It has aromas of fresh ripe fruit such as plums and red currant and balsamic, smoky and spicy notes from its aging in French oak. The palate is persistent, complex and structured, with ripe and juicy tannins. MONREAL 2014 has a great cellaring potential.

FOOD PAIRING

Ideal for accompanying red meat, duck and all kinds of stews. Also pairs with smoked meats, reserve cheeses and with truffle dishes. We recommend serving it at 16-17°C.

SOIL TYPE

The MONREAL lot has a clay soil on calcareous terrain, with little organic matter, well drained where the lines are deeply rooted.

CLAY LOAM SOIL

VINTAGE 2014

The Vintage 2014 was defined by mild temperatures, dry spring but high rainfall the rest of the year. Although the maturation came later as usual, the October rains helped the different varieties, assuring optimal levels of maturity.

WINEMAKING

Handpicking to avoid damaging both the grape and the vineyard itself. Cooling down the grapes after handpicking between 10 and 15°C. Destemmed to prevent herbal or bitter notes. Selection on table. Delicate pressing with low yields. Separate fermentation of the different varieties at 27°C. Repumping twice a day to favor extraction. Eighteen months of aging in new barrels of French oak. *Battonage* for three months in order to gain volume and expression.
